

Wema International (**Kind Acts of Giving**) is a non-profit organization dedicated and committed to spreading hope, joy, self-worth, and a sense of belonging to impoverished people around the world. Poverty, economics, war and natural disasters have taken dreams and hope from these communities.

The organization works with local and regional communities to understand and reach out to the needy through diverse acts of giving. The organization was founded in 2017 in New Jersey by friends who had also served in other humanitarian organizations while advocating and campaigning for charitable causes. The founders visited underprivileged communities in Africa, providing families with necessities contributing their own money and time. During these visits, they saw first hand how kind acts of giving could impact a community or even uplift the wellbeing and spirit of an individual. Villages/Communities that were visited expressed exultant happiness, which became the ultimate motive for these friends to continue practicing kind acts of giving. We encourage you to join us in this mission as we spread kind acts of giving globally and help put a smile on someone's face.
